## Why French?

We live in a globalised world; French is spoken by 125 million people. A second language can open up opportunities for travel, careers and academic life. The British Council sees France as a big asset to UK companies and with post-Brexit it will grow in importance.

This course is a radical and exciting departure from the GCSE with more independent study and research and a more rigorous approach to grammar. Reading of French newspapers and visiting French speaking countries is encouraged. There are four main themes:

1. Aspects of French Society
2. Artistic culture in the French World
3. Multiculturalism in the French World
4. Aspects of Political Life in the French World

You will also study and critically appreciate in writing two works, one must be literary and the other may be a film.

## Residential Trip

It is likely you will spend time in a French speaking country on an educational visit or exchange.
