## **Statement of intent**

As a Catholic school, our inspiration is Jesus Christ. We therefore promote the dignity and well-being of every child and ensure that they flourish with us in a safe, happy and enriching environment. We believe that everyone is gifted and called by God to fulfil some definite service for the greater good of society. We will help our students to discover their vocation in life, to achieve their full potential and to use their gifts for the greater glory of God.

Saint Gregory's deplors terrorism of every kind and of any radical ideology. We will do anything we can to protect our students from the threat of terrorism and will not tolerate extremism or radicalisation in our school.

Our zero-tolerance approach to extremism and terrorism includes interventions, exclusions and involving third parties such as the police.

We support and adhere to guidance from the DfE which requires schools to actively promote fundamental British values and to ensure that students are encouraged to regard people of all faiths, races and cultures with respect and tolerance.

This policy relates to the radicalisation of students at our school.

### **3 Safeguarding from extremism**

The school protects the right to freedom of expression. This policy is not intended or designed to restrict or prevent legitimate and lawful congregation or debate.

The school has a dedicated DSL who deals with any incidents of extremism and/or terrorism within our school community. As is the school's responsibility under law, we will do our utmost to safeguard our students from being drawn into extremism and terrorism.

The school has strong relationships with our local safeguarding partners, and will involve them at the earliest opportunity if safeguarding issues arise.

The school will encourage any student, parent, staff member or member of the wider school community to speak to the DSL if they have concerns about:

- Students becoming radicalised.
- Groups, clubs or societies with extremist or radical views.
- Friends and/or families of students becoming radicalised or involved in extremism.
- Students planning to visit known areas of conflict.
- Members of the school and wider community attempting to draw young and/or vulnerable students into extremism.

Visitors and speakers coming into the school will be vetted prior to them having access to students. All materials handed out to students, whether by teachers or visitors and speakers, will be checked by the Headteacher.

Student-led groups, clubs and societies will be subject to regular unannounced inspections by our DSL.

The school will incorporate appropriate filtering and monitoring systems to limit students' exposure to online risks, including extremist content.

The DSL and IT team will work together to ensure that there is a clear reporting process in place where filtering systems raise safeguarding or prevent-related concerns.

## **4 'Channel' and 'Prevent'**

Channel, a key element of the Home Office's Prevent strategy, is a multi-agency approach to protect people at risk from radicalisation. The school will work with the LA, local law enforcement and religious and community leaders to identify children vulnerable to radicalisation and to challenge extremism if it arises. This includes identifying students to whom any of the following criteria applies:

- Displaying feelings of grievance and injustice
- Feeling under threat
- Searching for identity, meaning and belonging
- Displaying a desire for status amongst their peers
- Displaying a desire for excitement and adventure
- Displaying a need to dominate and control others
- Displaying a susceptibility to indoctrination
- Displaying a radical desire for political or moral change
- Appearing susceptible to opportunistic involvement
- Having family or friends involved in extremism
- Appearing susceptible to being influenced or controlled by a group
- Displaying relevant mental health issues

The school will cooperate with local panels involved in the Channel process. A representative of the school will attend meetings as required to aid the mitigation of identified risk and vulnerabilities. This includes contributing towards the support plan and sharing information necessary and proportionate to the effective working of the panel.

## **5 Preventing radicalisation**

The school will assess the risk of students being drawn into terrorism through identifying the factors that affect children in the local area and knowing how to identify those at risk.

Allegations and concerns of radicalisation and/or terrorism will always be taken seriously and staff will act proportionately, which may include making a Prevent referral.

Where appropriate, students will be helped to channel their desire for excitement and adventure into suitable and healthy activities.

Extremist propaganda is widely available online – the school will ensure that British values are promoted regularly to encourage students to develop an appreciation of society. The school will work with local religious and cultural organisations to instil a strong sense of identity in our students, as well as a clear place and purpose within the school.

The school recognises that students' parents and families are best placed to spot signs of radicalisation and, as such, will promote effective engagement with parents and families.

All internet activity that takes place on site will be recorded, as well as activity on any school-owned computers, laptops and tablets off site, and appropriate filters will be installed to protect children from terrorist and extremist material online, in accordance with the Online Safety Policy. In accordance with KCSiE and our Child Protection and Safeguarding Policy, students will be taught about the importance of staying safe online through PSHE lessons.

We will always aim to integrate and engage every child within the school community, and in the wider community. A range of different religious and cultural festivals will be celebrated across the year giving every student the opportunity to take part.

The school will monitor and assess incidents which suggest students are engaging, or are at risk of engaging, in extremist activity and/or radicalisation. Where a student has been identified as at risk of radicalisation, the school will take action proportionate to the incident or risk.

## **6 Making a judgement**

Although extremist behaviour can be presented in many forms, the school recognises the following as potential indicators of radicalisation or a susceptibility to radicalisation:

- Disclosure about extremist or radicalised behaviour by students – this could include exposure to materials outside of school
- Use of specific terms associated with certain ideological views, e.g. 'hate' language
- Intelligence reports from local and national agencies regarding the radicalisation of groups of people in the local area
- Focus on specific narratives that highlight particular extremist views
- Evidence of accessing online materials that include extremist materials
- Refusal to accept views expressed by others which is counter to the school's Equality Information and Objectives Policy
- Documented concerns raised by parents or family members about the changing behaviour of the student
- References to an extremist narrative in the student's work
- Disassociation from existing friendship groups
- A loss of interest in activities in which they previously engaged
- Behavioural characteristics, such as low self-esteem, isolation and perceptions of failure and injustice
- Family tensions
- Events affecting their country or region of origin
- Alienation from UK values
- Grievance triggered by personal experience of discrimination
- Property damage
- Refusal to cooperate with the requests of teachers or other adults

When assessing whether a student is at risk of radicalisation, staff will ask themselves the following questions:

- Does the student have access to extremist influences through the internet?
- Does the student possess or actively seek extremist material?

- Does the student sympathise with, or support, extremist groups or behaviour in their speech or written work?
- Does the student's demeanour suggest a new social, religious or political influence, e.g. through jewellery or clothing?
- Has the student previously been a victim of discrimination or a religious crime?
- Has the student experienced any major disagreements with their peers, family or faith groups, leading to rejection, isolation or exclusion?
- Does the student display an irregular and distorted view of religion or politics?
- Does the student display a strong objection towards specific cultures, faiths or race?
- Is the student a foreign national awaiting a decision regarding deportation or immigration?
- Is there an irregular pattern of travel within the student's family?
- Has the student witnessed or suffered from trauma or violence in a war zone or through sectarian conflict?
- Is there evidence of a relative or family friend displaying extremist views?
- Has the student travelled for extended periods of time to international locations?
- Does the student have experience of poverty, disadvantage, discrimination or social exclusion?
- Does the student display a lack of affinity or understanding for others?
- Is the student a victim of social isolation?
- Does the student have insecure, conflicted or absent family relationships?

Critical indicators include where a student is:

- In contact with extremist recruiters.
- Articulating support for extremist causes or leaders.
- Accessing extremist websites.
- In possession of extremist literature.
- Using extremist narratives and a global ideology to explain personal disadvantage.
- Justifying the use of violence to solve societal issues.
- Joining extremist organisations.
- Making significant changes to their appearance and/or behaviour.

The DSL, and any deputies, will undergo regular Prevent awareness training in order to provide advice and support to staff on protecting students from the risk of radicalisation. Staff will undergo regular Prevent awareness training, delivered by the DSL, in order to ensure that they are up-to-date to recognise indicators of radicalisation. Staff, including the DSL and any deputies, will also undergo regular training in response to any updates.

The school will encourage staff to engage with online government resources, including the website, Educate Against Hate, and the Prevent e-learning modules provided by the Home Office.

Staff will be trained to be vigilant toward the push and pull factors that could make a student vulnerable to being drawn into extremism or radicalisation.

Staff will look out for 'push factors' including where a student may be feeling:

- Isolated
- That they do not belong
- That they have no purpose
- Low in self-esteem
- That their aspirations are unmet
- Angry or frustrated
- A sense of injustice
- Confused about life or the world
- Real or perceived personal grievances

In conjunction with these push factors, staff will be aware of the 'pull factors' that could make extremist or terrorist groups and ideologies attractive to those experiencing the above feelings.

Staff will be aware that pull factors can include where extremist or terrorist groups:

- Offer a sense of community and a support network.
- Promise fulfilment or excitement.
- Make the student feel special and part of a wider mission.
- Offer a very narrow, manipulated version of an identity that often supports stereotypical gender norms.
- Offer inaccurate answers or falsehoods to grievances.
- Encourage conspiracy theories.
- Promote an 'us v them' mentality.
- Blame specific communities for grievances.
- Encourage the use of hatred and violent actions to get justice.
- Encourage ideas of supremacy.

## **7 Community links**

Where possible, the school will engage in annual community round-table discussions with local community and religious leaders and local law enforcement.

The school will include discussion about extremism and terrorism in our governing body meetings.

The school will operate an open-door policy for community members to report concerns.

The school will select a range of charities to support across the year which represent our school community, including local community groups.

The school will develop effective partnerships with local Prevent leads, the police and the LA through multi-agency forums.

The school will maintain an up-to-date awareness of the risk and threat posed in the local area and the latest developments in best practice through local partnerships.

## **8 Making a referral**

In accordance with the school's Child Protection and Safeguarding Policy, if any member of staff has any concerns about a student, they will raise this with the DSL.

Parents will be contacted to discuss the issue and investigate where there are any mitigating home circumstances, unless doing so would put the student at further risk of harm. A decision will be made at this meeting to determine whether a referral should be made to the Channel programme. In most cases, the DSL will refer the case to the Channel programme where there is a radicalisation concern, as appropriate.

Staff members may make referrals to the Bath & North East Somerset Prevent Team if they deem it necessary. The DSL will be notified in all cases and will support staff members who do so.

Staff members will be informed that they may be asked to attend a Channel panel to discuss the student who has been referred, to determine whether support is required. The LA's Channel panel will decide which support, if any, is required and arrange for this support to be implemented.

The DSL will follow up any referrals and the student will be monitored for a period of time to determine whether there have been any changes in behaviour. Parents will be consulted during this period, unless doing so would put the student at further risk of harm.

If any concerns are raised, the DSL will contact the Channel programme to discuss further steps.

The DSL will record and retain all incidents for school records in accordance with the Data Protection Act 2018 and the UK GDPR, as outlined in the Data Protection Policy.

The police will be notified immediately if someone is about to put themselves or others in immediate danger, or if they appear to be involved in planning to carry out a criminal offence and the school's emergency procedures will be followed.

## **9 Promoting fundamental British values**

Through the national curriculum, the school will:

- Teach our students a broad and balanced international history.
- Represent the cultures of all of our students.
- Teach a wide range of English and non-English literature.
- Commemorate World War 1 and 2.
- Discuss the UK's relations with the rest of Europe, the Commonwealth and the wider world.

Through our social, moral, spiritual and cultural programme, the school will:

- Enable students to develop their self-knowledge, self-esteem and self-confidence.
- Enable students to distinguish right from wrong and to respect the civil and criminal law of England.

- Encourage students to accept responsibility for their behaviour, show initiative, and to understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely.
- Enable students to acquire a broad general knowledge of, and respect for, public institutions and services in England.
- Further tolerance and harmony between different cultural traditions by enabling students to acquire an appreciation of, and respect for, their own and other cultures.
- Encourage respect for other people.
- Encourage respect for democracy and support for participation in the democratic processes, including respect for the basis on which the law is made and applied in England.
- 

The school will do this by:

- Including material on the strengths, advantages and disadvantages of democracy, and how democracy and the law work in Britain as part of our curriculum.
- Ensuring that all students within the school have a voice that is listened to, e.g. by demonstrating how democracy works via a school council whose members are voted for by the students.
- Using opportunities such as general or local elections to hold mock elections to offer students the chance to engage in politics from an early age.
- Offering a debate club to provide students with the opportunity to learn how to argue and defend points of view.
- Using teaching resources from a wide variety of sources to help students understand a range of faiths.
- Considering the role of extra-curricular activities, including any activity run directly by students, in promoting fundamental British values.

## 10 Training

All staff will attend safeguarding training including that which concerns preventing people from being drawn into terrorism or extremist groups. Prevent training will be provided annually and will be updated as required. Training will focus on the importance of following the 'Notice, Check, Share' protocol.

Staff will be provided with regular updates, notices and emails regarding Prevent and anti-extremism as required.

The SLT and DSL will receive additional support from local partnerships and training on local processes for Prevent. When identifying training needs, consideration will be given to the level of knowledge needed for different roles.

Records will be maintained of training provided to ensure that training needs are being met and kept up to date.

Training will be quality assured by the DSL and its effectiveness reviewed regularly. The school will make use of government quality assured prevent training resources.

Staff will be trained to be aware of and to identify concerning behaviour that may indicate a student is susceptible to radicalisation, e.g. voicing intolerant narratives.

Training will take account of, and be proportionate to, the risk of terrorism and extremism in the local area.

Further advice on training will be sought from the LA safeguarding team as appropriate.

## **11 Monitoring and review**

This policy is reviewed annually by the DSL and the Headteacher. The next scheduled review date for this policy is February 2025.
