Completing Assignments - Google Forms

Your class page

Each class page will look similar to the one below:

Assignments: This area will show the announcements and assignments set by your teacher. You can message your teacher here and everyone in your class will see it too.

Your teacher will set your work activity or provide a link to a 'live' lesson and this will appear here.

Click to open an assignment.

Google Forms assignment

Google Forms offers the opportunity for students to take quizzes or tests online without the need to use Google Docs. Teachers may use these to help with your learning.

This is where your teacher will set your test or quiz. It will open when you click on it.

If you have any questions regarding the task that has been set, or you are experiencing difficulties, you can contact your teacher using the 'Private Comment' feature. These comments will only go to your teacher and will not be seen by the rest of your class.
