### SPEAKERS FOR SCHOOLS - VIRTUAL TALKS:

Speakers for Schools is a charity that aims to provide support and motivation for young people. As well as providing Work Experience opportunities, they also have a programme of talks with inspiring and influential people. There have been recent talks with Steve Backshall and, in December, with Gareth Southgate, the England Football Manager, about 'How to Achieve Anything'. It's well worth a look at:

Dear Parents and Carers

Once lockdown restrictions are lifted we hope to be telling your teenager all about The National Citizens Service. Hopefully, they'll fill you in, but here's a little overview of who we are and what we're about...

NCS is an experience specially designed for 16-17 year olds. We give young people a few weeks out over the summer holiday to meet new people, try new things and cover new ground. We're all about helping teenagers realise their potential, by giving them a taste for independence and loading them up with new skills so they can go on to smash their future goals.

During the last 12 Months we have faced new challenges due to a pandemic whether it be social distancing, missing school, and missing face to face contact with friends or being physically inactive. Here at NCS we offer a two or three week programme where your young person will get the skills they have missed out on over the past year. We help them understand career options, how to overcome interview fears, meeting new people, fears of public speaking and our activities will help your teenager rebuild their confidence and make their mental health stronger, knowing that they have overcome so much in the last year.

At NCS we can help develop and deliver ways to improve their state of mind in order to be successful in where they choose to go next - we raise aspirations.

*Technically* a spot on our programmes costs around £1,500 but because we're government-funded, we only ask for a contribution. The most you'll pay is £50 and we also offer bursaries – so everyone can do NCS.

We will be sending through some more information about the dates available and types of programme – we are hoping to have a residential option but if restrictions mean that we can't – then all programmes will become a two week programme run locally to your school.

We have limited spaces in your area to take part and we don't want you to miss out on this opportunity.

You can **pre-register** your teenager to take part in this amazing and once in a lifetime opportunity @ <https://wearencs.com/sign-up-to-ncs>

Yours faithfully

NCS
